

The Honorable [House Member Name Here]
United States House of Representatives
[Applicable House Office Building]
Washington, D.C. 20515

Dear Sir/Madam,

Our current federal income tax system is broken. Hard working, honest citizens are being penalized daily. Illegals and those involved in illegal activities are rewarded. We can no longer rely on the "honor" system for people to file and pay their taxes.

You can remedy this problem by voting to pass H.R. 25. Everyone, regardless of their status, would be required to pay their fair share. And thanks to the prebate, no legal household would have to pay taxes on the basic necessities of life.

Please join me and our other district voters to eliminate this overwhelming burden and restore fairness to our lives.

Best regards,
