

The Honorable [House Member Name Here]  
United States House of Representatives  
[Applicable House Office Building]  
Washington, D.C. 20515

Dear Sir/Madam,

I am writing you to express my desire to have you as my representative in government support the Fair Tax initiative (H.R. 25). I believe support for this legislation (a comprehensive proposal to replace all federal income and payroll based tax with a progressive retail based sales tax) is well over due.

Hence, I want to know whether you support H.R. 25 and what would it take from your constituents for you to support such legislation.

Please write me back with your reply so that my fellow constituents and I know where you stand on this matter

Sincerely,
